### DBM's Partner Career Support Program

As summer is upon us in the UAE, it is a time of change as families move on and companies are busy relocating new talent into the Gulf Region. DBM's **Partner Career Support Program** provides the transferring partner with career support when they move to the region to assist them in a number of practical ways with

- CV support, networking and job search
- Local business and market trends
- Increasing cultural awareness

Families need to settle into their new environment as quickly as possible as research highlights that if a company ignores family issues of relocation, an average of 6 months lower productivity, by the transferee can be expected. For more information please email us at [info@dbmgulf.com](mailto:info@dbmgulf.com)

"If only my husband's company had provided this service I'm sure I would have entered the job market sooner"  
Sarah

### Creating A Coaching Culture

DBM is accredited to deliver Corporate Coach U's international 'Coaching Clinic'. A 2 day workshop designed to train executives, managers and team leaders to use coaching techniques and gain the advantages of a coach approach to managing people. The workshop provides a coaching toolkit of knowledge, techniques and practical skills. Managers and leaders can apply what they learn to gain immediate benefits.

**"Coaching is unlocking a person's potential to maximize their own performance"**

**Sir John Whitmore**

If you would like to find out how DBM can help your organization create a Coaching Culture, please contact us
